## HEAT-TIMER, OAS and US ENERGY HEAT COMPUTER UPGRADES

### UPGRADE OLDER HEAT-COMPUTERS

PEPCO will upgrade old HEAT-COMPUTERS manufactured by HEAT-TIMER, Optimum Applied System (OAS) and US ENERGY. We will re-use the existing wiring, Sensors and Relays or furnish new Sensor and Relays were applicable. In most cases the new upgrade will fit inside the existing enclosure.

### REMOTE INTERNET ACCESS

The new replacement system is internet ready. Simply plug a Cat5 Internet Cable in to new control panel to have internet access to your new system. PEPCO has a formatted WEB Based Color Graphics complete with Boiler On Off Status, Outdoor Air Temperature, Condensate Return Temperature, Make-Up Meter, Burner Start Stop, Space Temperatures, Etc.... .

Contact PEPCO at [info@pepcocontrols.com](mailto:info@pepcocontrols.com) or call 631-940-1030 for pricing and information.
